

CUSTOM LININGS

*Serving the MINING INDUSTRY with:
Coatings, Equipment & Solutions*

PROVEN APPLICATIONS

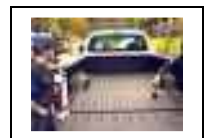

for:

- PRIMARY CONTAINMENT
- SECONDARY CONTAINMENT
- ABRASION RESISTANCE
- CARRY BACK REDUCTION
- WATERPROOFING
- ROLLER & BELT PROTECTION
- EROSION CONTROL
- TANK LININGS
- HEAVY EQUIPMENT PROTECTION
- SUPPORT BEAM LININGS

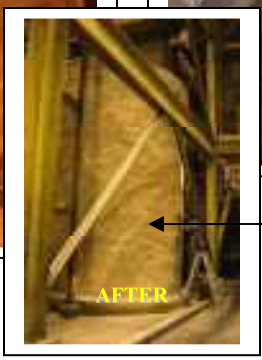

...and More!

All applications were provided on-site

**EFFECTIVELY,
EFFICIENTLY &
ECONOMICALLY**
solving your Protective
Coating Needs!

Chemical storage tank with heat trace covered in polyurea

Extreme duty on the ore pile requires a coating system that protects the steel from abrasion, rust and deterioration of the steel structure.

Containment Solutions for : OIL & GAS PRODUCTION

Custom Linings Containment System is an industrial strength polyurea membrane applied to a durable and easy to place geotextile fabric resulting in the ultimate containment barrier.

Applications include: environmental spill protection, contaminated oil/liquid storage, weather proofing, mobile work/equipment platforms, emergency/rapid response situations, equipment protection, erosion control, water loss situations and water canals.

Applications over earth (geotextile fabric), concrete, metals and fiberglass.

Waste Water Storage and Fresh Water Containment Applications Also Available.

FOR MORE INFORMATION: CALL 1-877-POLYUREA

Let us show you how we can **ECONOMICALLY, EFFICIENTLY and EFFECTIVELY** meet your Containment needs.

	<h1>INDUSTRIAL APPLICATIONS</h1>
--	----------------------------------

Custom Linings, Inc uses a heated, high pressure spray system to provide the most durable commercial and industrial coatings available for heavy machinery, trailers, fabricated steel assemblies, mining equipment, work trucks and MANY other applications.

Our coatings adhere to: sand blasted, painted or primed metals, concrete, fiberglass, fabric - can be sprayed on from 1/16" up to 2" thick, and are not affected by most chemicals, salts, fuels and UV

Custom Linings coatings are dry in 3-7 seconds, available in multiple colors, contain no VOC's and unlike painted on products, Custom Linings coatings are non-flammable.

Waste Water Storage, Fresh Water Containment, Oil & Gas Production Containment and Industrial Flooring Systems are also available
